## Identity Verification Update

Select the reason you want to update KYC

If yours is not in the list, please consider that this could be a non-compliance or high-risk behavior. It is recommended to consult with customer service to ensure the security of your account

### Declaration

- 1. Please notice that certification resetting itself is particular high-risk operation, user need to bear the relevant risks including but not limited to account loss, asset loss and irreversible change of account status.
- 2. From resetting to new documents being verified,

박스에서 인증 사유를 선택하세요.

# 기존 인증 해제

- 2. From resetting to new documents being verified, your account will be disabled for most of the common function, including but not limited to any form of deposit and trading. And we cannot guarantee the certification period. So we will recommend you to empty account assets to avoid loss for unexpected situation. Especially, if there is NFT asset in your account, please withdraw NFT first before withdrawing crypto asset, non-kyc user is not allowed to withdraw NFT. Click **here** to wallet.
- 3. Certification resetting will act on each item of certification, you will need to completely re-provide all materials for new certification, so please confirm the necessity of reset.

I understand and agree to the declaration.

Confirm Update

동의 후 노란색 박스를 눌러주세요.
